MISSOURI ROSTER 1989-1990

STATE OF MISSOURI

OFFICE OF SECRETARY OF STATE

JEFFERSON CITY 65102

Fellow Missourians:

I'm pleased to present this edition of the ***Missouri Roster, 1989-1990***. The ***Roster*** is one of the most popular and useful publications produced by the Office of Secretary of State. It contains the names, titles, addresses and phone numbers of key personnel in all areas of state and county government.

As in previous editions, we also have included the results of last November's general election for legislative, judicial and statewide offices and issues.

The ***Roster*** proves that Missouri government is more than just agencies and departments and titles. The personnel entrusted with the operations of government—the men and women whose names appear in this directory—share a common goal in serving the citizens of our state. When you have the need to contact any of these public servants, I'm confident that they will do their utmost to be helpful and courteous.

We in the Secretary of State's office believe in the motto of the State of Missouri: "Let the welfare of the people be the supreme law." I'm certain you'll find that other government agencies share this spirit of dedication and concern for the common good.

Thanks for your interest in Missouri.

Best regards,

Roy D. Blunt

Amendment No. 1—(Submitted by the 84th General Assembly, First Regular Session) Changes length of annual sessions of the legislature; requires budget completion one week before the end of session and authorizes special session when petitioned by three-fourths of the members of each house. Changed session lengths should result in savings of approximately one hundred fifty thousand dollars per General Assembly.

Amendment No. 5—(Submitted by the 84th General Assembly, Second Regular Session) This resolution authorizes the issuance of an additional $275,000,000 of bonds for water pollution and storm water projects and for improvements to drinking water systems. There would be no cost unless the general assembly approved a bond issue or issues.

Amendment No. 7—(Proposed by initiative petition) Shall Article IV Sections 47(a), 47(b) and 47(c) of the Missouri Constitution be amended to extend for ten years the sales and use tax of one-tenth of one percent with such tax revenues being used for soil and water conservation and state parks and further amended to require those tax revenues be spent and used pursuant to certain purposes as defined by state law? The ten year sales tax extension would raise approximately $52 million annually to halt soil erosion and continue to maintain state parks. No tax increase.

Amendment No. 8—(Proposed by initiative petition) Shall the Constitution of Missouri be amended by adding a new Article entitled "Health Care" which will create a trust fund to provide health care coverage for persons experiencing catastrophic or high-risk illnesses, assist certain persons with medicare premiums, provide health care coverage to certain uninsured persons and which will provide for the collection of an earnings tax of six-tenths of one percent which, when collected, will be kept separate from general revenue and allocated on a percentage basis for the various health care coverages? New earnings tax raises $296 million annually: 22% for increased payments to Health Care providers; may produce between $98 million and $159 million increased Federal Funds; collection cost to General Revenue $3 million annually.
